The following are suggestions designed as a guide to enable discussion and consideration of the 'We are Marist, We are Family' series:

How does the Marist Association provide a welcoming Marist home, and a community or family that allows Members to experience a strong sense of belonging and connectedness?

What do you appreciate most about being part of your Association family?

In the video, Jessica says, 'The thing I appreciate most about being part of the Association is the relationships I've been able to make'. Is this your experience too, and if so, what does this mean for you?

Why would you encourage other Marists to join the Association?

What would you say to someone enquiring about the Association and asking why they should become a Member?

Are there any Marists who could be invited to join your local Family?
